EDUCATION

- Texas A&M University - College Station, Texas. Expected Graduation Date: December 2025
- Computer Science Major with Mathematics & Engineering Project Management Minor
- Current GPR: 4.0/4.0
- Member of the Engineering Honors Program
- I have programmed in Java, C++, Python, and HTML
- 100% of my college tuition/expenses are paid for through academic scholarships.

EXPERIENCE

BNSF Railways - Intern

May 2023 - August 2023

- I worked as an intern for the Delivery Services Department of BNSF Railways in Fort Worth, Texas. While in this role, I added new features and functionalities to an app utilizing Microsoft PowerApps and Microsoft Power Automate. I also wrote business requirements to outline the work by meeting with the business customers, outlining the project from start to finish, and ensuring that what they wanted was delivered.

Wintrust Financial - Intern

May 2022 - August 2022

- I worked as an intern for the IT Research and Development Department of Wintrust Financial in Rosemont, IL. During this internship, I received a certification in Robotic Processing Automation through the platform UiPath which is based in Visual Basic. I worked in an Agile environment.
- I individually completed a project that automated two business processes. I was responsible for the Project Requirements for this process, writing the code from beginning to end, and helping to ensure that implementation was successful for the automation to run weekly on its own.

Firehouse Subs - Shift Lead

May 2019 - August 2021

- As a member of the Firehouse Subs team, I was in charge of greeting customers, preparing food, and cleaning the restaurant. As a shift leader, I regularly closed the restaurant as the individual in charge and was responsible for managing other team members.

The LeaderShop - Summer Camp Counselor

June 2018 - August 2021

- As a summer camp counselor for the LeaderShop, I led large group activities for over 40 campers, aged K-8 and was directly in charge of a group of 15 children. I was tasked with organizing and implementing activities for the campers and keeping them engaged.

ACTIVITIES

Student Engineering Council (SEC) - Member and Career Fair Coordinator

February 2022 - Present

- I was one of 20 new members to be selected out of 200 applicants for this organization. SEC serves as the representative voice of the students in the College of Engineering, works to increase Engineering awareness, and plans professional development events.
- I was the Hospitality Coordinator for the SEC Spring '23 Career Fair, which is one of the largest student-run career fairs in the nation. In this role, I was responsible for ordering and designing gifts for over 200 recruiters, organizing lunch for over 900 individuals, and serving as the primary contact for recruiters the day of the fair. I utilized cost-effective measures to create a quality environment and atmosphere for recruiters in this role.

Freshman in Engineering, Science and Technology (FEST) - Director/Mentor

October 2021 - Present

- I was directly in charge of the Internal-Social committee. I was responsible for organizing the budget and planning our events, including an end of year banquet which hosted over 70 people, planning/executing social events for students and serving as a mentor for the freshmen in this organization.

HONORS/CERTIFICATIONS

- UiPath RPA Associate Certification
- Recipient of the Texas A&M Craig and Galen Brown Foundation Scholarship
- Recipient of the Texas A&M President's Endowed Scholarship
- Recipient of the Elks National Foundation Most Valuable Student Semi-Finalist Scholarship
- Girl Scout Gold Award Recipient

- National Merit Finalist
